

09/733,382

In the Drawings:

Please add Figures 2A and 2B, as attached. Figures 2A and 2B have been added at the Examiner's request to show structure of the first signal. Structure of the first signal in exemplary embodiments is described in the Specification as originally filed. The Specification has been concurrently amended to include reference to the added figures. Generally, these amendments are limited to adding reference numerals to existing description in order to appropriately reference the new Figures 2A and 2B. Thus, the drawing correction does not introduce new matter, nor does this modification change the scope of the claimed inventions.

Respectfully submitted,

Dated: 6/24/2004
